

## Hayride Sing Along

Attraction Leader:

Attraction Asst:

Attraction Singers:

Supplies List:

- rope lights
- fencing or corral
- step stool/ladder
- tractor/jeep
- trailer
- generator
- hay bails
- camp fire
- sign
- bubbles
- bubble maker
- streamers

Attraction Instructions

Monitor and manage the line that is waiting to ride the hayride. Wait for jeep driver's signal, and bring kids and help load them onto the trailer. Ride along and tell the group that we will be going on a sing-a-long hayride, and you want to hear them sing. Sit with kids and sing along and make sure they remain seated. Once done, help unload families from hayride. Don't allow any people to load until hayride is fully unloaded.

Attraction Information

This is a trailer pulled by a jeep, making a circle around the property through bubbles and streamers while a worker plays guitar and sings. One worker will manage the line that is waiting for their turn, while the other rides along and manages the people inside the trailer. Safety is very important, and not allowing people inside the driving area while the tractor is moving is a must. Be aware that there should be no children running into the driving area at any time. Make sure to signal the driver when it is safe for him to drive after loading and unloading.

Singer Schedule

6-7 pm

7-8 pm

8-9 pm

- There will be bubbles or snow that need to be refilled at the tree.
- Make sure kids stay behind line.
- All ages are welcome
- 1 adult helper will sit at the back of the ride
- 1 adult helper will manage the line
- 1 will drive the jeep
- 1 singer will be near the hitch playing guitar
- Encourage kids to sing and pick songs that they can move to without standing.
